

## Hello from the Awareness Team!

Glad you found us :)

We are the Awareness Team and we are here at the convention to create an atmosphere where everyone can feel welcome, safe and respected. Our goal is for you to enjoy Munich-Con in a relaxed and supportive environment - free from discrimination, harassment or distressing situations.

Should there be moments when you feel uncomfortable or unsure how to handle a situation on your own, we are always there for you. Whether you need support, are looking for someone to talk to or have a question - you are welcome to contact us, send us an email or drop a note in our letterbox (in the AFZ entrance hall), anonymously if you wish.

We are also happy to receive suggestions and requests on how we can make the convention more inclusive in the future.

All further information, for example our awareness guide for participants, an overview of emergency numbers & advice centers or an explanation of the topic "What is awareness", can be found under the QR code above on our homepage in German and English.

Together, we want to ensure that boundaries are respected, needs are recognized and solutions are found when necessary. Feel free to contact us - you can recognize us by our pink wristbands.

Best regards,  
the Awareness-Team
